13-SERIES DOUBLE-AUGER GRAIN CARTS

Models 1113 • 1313 • 1613

DEALER IMPRINT HERE

THE NEW STANDARD IN PRODUCTIVITY AND VALUE!

The 13-Series of double-auger grain carts from Killbros will help increase productivity on your farm with large carrying capacities, fast unloading speeds and an adjustable vertical auger with two-way downspout for enhanced unloading control. The double-auger design combines top-of-the-line functionality, efficiency and unloading capacity with an affordable price that proves its value year after year.

- Hopper features a low-profile design for in-field stability and 1100, 1300 or 1600 bushel carrying capacities.
- Vertical auger adjusts to increase or decrease the auger reach and height and a two-way downspout gives the operator added unloading control.
- Unload 850 bushels per minute with the 20" diameter horizontal auger and 22" diameter vertical auger that get you back to the combine faster.
- Choose from high-flotation single wheels and tires, walking tandem duals, 36" tracks or the patented 42" wide Equalizer track depending on model.

See how you can increase productivity this harvest season without breaking the bank by seeing your nearest Killbros dealer or visiting killbrosequip.com today!
