## Time-Saving Grain Handling Equipment Built with Value!

When investing in your farming operation, you need equipment that increases efficiency, is built with a reliable and economical design and provides value-enhancing features. Killbros has been providing farmers with that type of grain handling equipment for more than 60 years. Today, the complete lineup of grain carts and high-capacity wagons continue to help farmers get the job done without breaking the bank. The model 1950 and 13-Series of double-auger grain carts provide high carrying capacities and fast unloading speeds. The 35-Series and 1100-Series of single, corner-grain carts give growers the most economical option for getting crops out of the field. When you need to haul your harvest to the bin or elevator, the 1000-Series high-capacity wagons can lend a helping hand.

Invest in grain handling equipment that increases your harvest efficiency without breaking the bank by seeing your nearest Killbros dealer or visiting [killbrosequip.com](http://killbrosequip.com) today!
