

Bed Conditioners

SEED-READY RAISED BEDS IN A SINGLE PASS

Built on Orthman's industry-leading toolbars for unmatched strength and durability, the Orthman Seedbed Conditioner delivers the flexibility you need to tackle changing field conditions year after year. It efficiently removes previous crop root systems and preps the ground for planting,

with quick field-to-road transitions that save time and boost productivity. Choose between Dual Conditioning Baskets or the Harrow and Leveling Board to achieve the perfect finish for your seedbed—no matter what the season brings.
