

Bed Listers

REVOLUTIONIZE YOUR TILLAGE

When performance matters, trust the tools built to deliver—season after season. With over 30 years of row crop tillage expertise, Orthman Bed Listers are engineered for precision, durability, and ease of use. The Model 7025 offers a rigid mount design that's both economical and effective. The Model 7050 is loaded with features, including wrap-around parallel linkage for independent depth control on each row unit. For growers seeking a firm, level seedbed, the Model 7075 combines an adjustable furrower with a heavy-duty roller. Backed by Orthman's industry-leading stack-fold toolbar technology, these tools are built to handle the toughest terrain and toughest jobs—year after year. Orthman. Built for the Long Haul.
