

THE TRUSTED NAME
— IN THE FIELD —

PARKER GRAIN HANDLING

Grain Carts and Hi-Capacity Grain Wagons

GRAIN HANDLING PRODUCTS TO HELP YOU HARVEST EFFICIENTLY

During the busy harvest season, you need an equipment partner that you can trust to get the job done. Parker grain handling equipment has built the reputation of being the trusted name in moving grain. The **54-Series** double-auger grain carts give operators large carrying capacities with unloading speeds that get you back to the combine faster. The **42-Series** single, corner-auger grain carts feature the greatest auger reach and height and use a sump design in the tank for enhanced cleanup. Parker **Model 1150** features an economical design with a double-auger and large carrying capacity to help keep you moving through harvest. When you're ready to haul your hard work to the bin or elevator, the Parker **05-Series** hi-capacity grain wagons help you get the job done quickly and without worry.

MAXIMIZE YOUR HARVEST POTENTIAL.

----> Get a partner you can trust for the busy harvest season by seeing your Parker dealer listed below or visit **ParkerEquip.com**.
