PARKER MODEL 1150

Double-Auger Grain Cart

HARVEST HEAVY. HAUL SMART.

The Parker 1150 grain cart features an economical design with a double-auger and large carrying tank capacity to help keep you moving through harvest. The double #80 chain drive system with standard chain oiler powers the 16" vertical and 14" horizontal augers for unloading speeds of more than 400 bushels per minute. With a capacity of 1,100 bushels, the 1150 can handle your largest fields and largest yields at an economical price. The low-profile design provides easier loading from the combine and safer road transport. The all-welded construction increases durability and gives peace of mind during the busy harvest season. The Parker 1150 offers the convenience of a double-auger grain cart with a large carrying capacity and economical features to keep your harvest moving full-speed ahead.

MAXIMIZE YOUR HARVEST POTENTIAL.
