UNMATCHED SEED-PLANTING EFFICIENCY

The Parker® Seed Chariot models 2620 and 3620 feature:

- Dual-compartment box with 260- and 360-unit seed capacity
- Winch-operated vertical height adjustment on conveyor, along with 180-degree conveyor swing, allows for easy filling of different planter types
- Cleated belt conveyor for fast but gentle seed handling
- Standard Weatherguard roll-over tarp

Electronic scale package, 10' three-stage telescopic downspout and electric conveyor lift/lower are available. Hitch options include gooseneck, pintle or clevis.
