

READY TO TAKE YIELDS TO THE MAX?

NutriMax FERTILIZER APPLICATOR

SINGLE COULTER

DUAL DELIVERY

DOUBLE COULTER

Weather plays a big role in maximizing crop yields. Let Mother Nature play her hand, and make timely application decisions based on your needs by adding a liquid fertilizer applicator to your equipment lineup. The **NutriMax[®] fertilizer applicator** was built with growers in mind for high-speed application and unrivaled durability. It features a narrow transport width, heavy-duty frame and mounting components, and a custom-molded tank. Plus, you can choose a **Single-Coupler**, **Double-Coupler** or **Dual-Delivery** application system for added versatility.

APPLY ON YOUR SCHEDULE AND BRING YIELDS TO THE MAX.
