ROLLING HARROW®
MODEL 1245

ROLLING HARROW®
MODEL 1645D

PREPARE THE IDEAL SEEDBED.

—> Visit UMequip.com or see your Rolling Harrow dealer listed below for more information.

The **Rolling Harrow®** soil conditioner has been creating smooth, one-pass seedbeds with consistent soil density for more than 30 years. The time-tested design saves you time and money during the planting rush when partnered with your high-speed tillage tool, field cultivator or disc. Choose from a 16" or 12.5" diameter double basket or a basket with a trailing drum to fit your needs.
