MODEL 1620

If you're looking for a high-capacity grain cart with fast unloading speeds and an adjustable vertical auger that gives you greater unloading flexibility, look to the Unverferth **20-Series** lineup of dual-auger grain carts. Models 2520, 2020, 1620, 1320 and 1120 feature tank capacities from 2,500 to 1,100 bushels and combine a horizontal floor auger with a pivoting vertical auger for a lower profile and fast unloading speeds. All models feature a standard roll-tarp to protect your harvested crop and rubber-cushioned tongue suspension for a smoother ride. Choose from single wheels and tires, walking tandem duals, 36" wide tracks or the patented 50" or 42" Equalizer® tracks. Accessories include the UHarvest® Pro scale and data management system, traditional scales, camera and 5-function joystick control.
