

READY TO TAKE YIELDS TO THE MAX?

NutriMax
FERTILIZER APPLICATOR

Weather plays a big role in maximizing crop yields. Let Mother Nature play her hand, and make timely application decisions based on your needs by adding a liquid fertilizer applicator to your equipment lineup. The **NutriMax® fertilizer applicator** was built with growers in mind for high-speed application and unrivaled durability. It features a narrow transport width, heavy-duty frame and mounting components, and a custom-molded tank. Plus, you can choose a **Single-Coulter**, **Double-Coulter** or **Dual-Delivery** application system for added versatility.

SINGLE-COULTER

DOUBLE-COULTER

DUAL-DELIVERY
